

FSF-02S UV Transilluminator

Characteristics:

- No need for darkroom, can be use for all-weather.
- With the operation of export for cutting the gel.
- Using the UV filter glass, quartz ultraviolet lamp, long service life, light uniform.

Main Technical Parameters:

Model	Transmission size (W×L)	Source ultraviolet wavelength	Reflection UV wavelength	Transmission UV lamp power	Reflectance UV lamp power	Volume (L×W×H)	Weight
FSF-02S	200×150mm	302 (nm)	254、365 (nm)	8 (W)	254nm (11W) 365nm (11W)	435×295×490 (mm)	16.9kg
